SELECTED PROJECT

Personal Website: <https://sehrishd.github.io>

June 2023 – July 2023

- Designed and developed a responsive website/portfolio using HTML and CSS
 - Used GitHub Pages to build and release the website
-

EXPERIENCE

Undergraduate Researcher | UW HCDE Department | Seattle, WA

April 2023 – June 2023

- Analyzed quote-tweet datasets by determining each tweet's stance: positive, negative, neutral
- Developed a code book in Excel to demonstrate the negative affect of Twitter
- Read scholarly articles and interviewed HCDE and Informatics faculty to put our Tweets in context

Usability Tester | Novoloom | Sammamish, WA

Sept. 2021 - Sept 2022

- Wrote official usability testing protocol (methodology, surveys, KPI's, script, etc.)
- Designed a user-friendly pamphlet based off the protocol to distribute during usability test
- Translated statistics from usability test into a visually appealing and easily digestible presentation
- Filmed promotional videos for products on YouTube, Instagram Reels, and TikTok

Campaign Volunteer | WashPIRG | Seattle, WA

Sept. 2022 – Present

- Lobbied seven Washington legislators to pass the Basic Needs Act
- Rallied 70 volunteers to write cards of appreciation to donate to the UW food bank
- Participated in phone-banking and visited over 30 houses around Seattle to recruit new members

Lead Producer | Indy on Air Podcast | Sammamish, WA

Aug 2020 - Jul 2022

- Conducted and transcribed over 50 interviews with guests for our episodes
- Participated in social-media outreach to recruit new team members and promote episodes

- Plan and teach individualized lessons in one-on-one classes to improve understanding of programming languages
- Instructed 6th – 8th grade students in Java and Python
